

# Families First

*support for families...health care for all*

## CLINICAL QUALITY MEASURES

Families First received a 2016 Health Center Quality Improvement Award from the U.S. Department of Health and Human Services, based in part on being in the **top 25% of all community health centers nationwide** on the following measures in 2015.

Measure	Families First	All U.S. Community Health Centers
Access to prenatal care in first trimester	85%	73%
Cervical cancer screening	60%	56%
Adult weight screening and followup	72%	59%
Adult screening for tobacco use, with intervention	98%	83%
Childhood immunizations	91%	78%
Heart attack and stroke treatment	91%	78%
Blood-pressure control	69%	64%
Diabetes control	77%	70%
